REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The instant invention claims a plurality of ceramic aggregate particles having specific composition, size and shape.

The closest prior art references that relate to the claimed invention are Wood'126, Culler'004 and McArdle'214. The prior art references teach that it is known in the art to make and use ceramic aggregate particles. However, the prior art does not teach or suggest the instant

invention wherein specific composition, size and shape of a plurality of ceramic aggregate particles is claimed..

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to leszek b kiliman whose telephone number is 571-272-1509. The examiner can normally be reached on M-T, 6.30-5.00.

The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
